Project Title Formation of IT Training Centers in 6 Union Councils of Muzaffarabad AJK

NGO Full Name Human Development Organization Muzaffarabad AJK

Targeted Areas Tulgran, Saidpur, Baheri, Norasari, Heerkotli, Balgran,

**Duration** 1 years

Estimated Cost 202332.00 USD

#### **Summary**

Urban people in 6 x Union Councils (Tulgran, Saidpur, Bahari, Heerkotli, Norasari and Balgran) District Muzaffarabad have very limited opportunities to gain useful technological skills which could enable them to become true professional in the field of computer technology, which also help them in seeking good careers and skills in Govt. and private sectors.

In the past, few NGOs have done different projects in mention union councils including skills training scheme but they mainly focused on electronics, carpentry, hairdressing and tailoring. These skills, while certainly beneficial, but not sufficient and only beneficial to particular class of people in which most of them are illiterate. Also these projects have been implemented to limited areas of District Muzaffarabad city areas only. Whereas our NGO HDO is especially focusing on rural areas/UCs of the district Muzaffarabad AJK.

HDO has this broader vision of expanding the mention project to all the union councils of district Muzaffarabad AJK.

The mention areas have been considering one of the most under developed areas/UCs of Capital city Muzaffarabad. There are very few vocational centers have been established by the Govt. which are rarely accessible to common people.

HDO has done different projects in these areas the complete list is also available on the our official portal (www.hdomzd.org).

#### 1. Introduction

The state of Azad Jammu and Kashmir lies between longitude 730 – 750 and latitude 33 - 36 and comprises an area of 5,134 square miles (13,297 sqrare kilometers). Muzaffaravad district falls within the Himalayan organic belt. As such, its topography is mainly hilly and mountainous characterized by deep ravines, rugged, and undulating terrain. The northern district (Muzaffarabad) is generally mountainous. The mountain ecosystems are relatively unstable and have low inherent productivity.

#### Muzaffarabad A.IK

Muzaffarabad District (Also spelled Muzaffarabad District) (Urdu: ضلع نيلم ) is one of the ten districts of Azad Jammu and Kashmir, Pakistan. Until recently it was part of Muzaffarabad District. is It. bound by the Gilgit (Northern Areas) the North. with Kupwara, Baramulla and Bandipore Districts of Indian-administered Kashmir in India to the South and Southeast, Muzaffarabad District to the Southwest and Mansehra District to the West. The district has a population of 191,251 according to the 2017 Census. The district was badly affected by the 2005 Kashmir earthquake. This district is said to be one of the most under developed area of the state AJK.

#### 6 x Union Councils of Muzaffarabad

#### 1. Tulgran

This union council is the most remote union council of the Halka 01. Most of the area is mountainous and hilly. This part of the union council is lacking basic necessities of life. Major part of the population is dependent upon agriculture. The whole union council is linked with the district headquarter with single lane melted road. People used to travel on foots on the hilly mountains. Although higher secondary and high schools are established but the population is devoid of the fruits of modern time. There is not any single vocational training Centre in the whole area.

#### 2. Saidpur

This union council is adjacent to Kahori union council. It is also linked with the district headquarter with single lane melted road. The most part of the union council is also hilly. The far flung areas are not linked with the road. There is need to link the remote areas with main

road to catch the beauty of this area for tourists. Major part of the population is dependent upon agriculture. People used to travel on foots on the hilly mountains. Although higher secondary and high schools are established but the population is devoid of the fruits of modern time. There is not any single vocational training Centre in the whole area.

#### 3. Heerkotli

This union council is very nearer to the district headquarter mzd. But it is also remote and devoid of basic necessities of life. It is also linked with the district headquarter with single lane melted road. The most pat of the union council is also hilly. The far flung areas are not linked with the road. There is need to link the remote areas with main road to catch the beauty of this area for tourists. Major part of the population is dependent upon agriculture. People used to travel on foots on the hilly mountains. Although higher secondary and high schools are established but the population is devoid of the fruits of modern time. There is not a single vocational training Centre in the whole area.

#### 4. Balgran

This union council is the neighboring union council of Heerkutli. But it is also remote and devoid of basic necessities of life. It is also linked with the district headquarter with single lane melted road. The most part of the union council is also hilly. The far flung areas are not linked with the road. There is need to link the remote areas with main road to catch the beauty of this area for tourists. Major part of the population is depended upon agriculture. People used to travel on foots on the hilly mountains. Although higher secondary and high school are established but the population is devoid of the fruits of modern time. There is not any single vocational training Centre in the whole area

#### 5. Baheri

It is also remote and devoid of basic necessities of life. It is also linked with the direct headquarter with single lane melted road. The most part of the union council is also hilly. The far flung areas are not linked with the road. There is need to link the remote areas with main road to catch of this area for tourist. Major part of the population is dependent upon agriculture. People used to travel on foots on the hilly mountains. Although higher secondary and high school are established but the population is devoid of the fruits of modern time. There is not any single vocational training centre in the whole area.

#### 6. Norasari

It is also remote and devoid of basic necessities of life. It is also linked with the direct headquarter with single lane melted road. The most part of the union council is also hilly. The far flung areas are not linked with the road. There is need to link the remote areas with main road to catch of this area for tourist. Major part of the population is dependent upon agriculture. People used to travel on foots on the hilly mountains. Although higher secondary and high school are established but the population is devoid of the fruits of modern time. There is not any single vocational training center in the whole area.

#### 2. Problem Statement

Urban people in 6 x Union (Tulgran, Saidpur, Bahari, Heerkotli, Norasari and Balgran) of District Muzaffarabad AJK have very limited opportunities to gain useful technological skills. Many people of these UCs even don't know the basics of ICT and related operational activities.

For this purpose, our NGO HDO MZD has visited many thickly populated and backward areas of District Muzaffarabad and found mostly people without a computer education / knowledge or have no information technology training specially women.

So we have taken this initiative to provide a platform to people of mentioned UCs so that they can learn state of the art professional ICT skills that can be very beneficial for their professional careers as well as their daily lives for better earnings.

#### 3. Project Objectives

Main Objectives of this Project are as follows:

- Basic technical Knowledge of students will be improved
- Technical Skills will be improved.
- IT awareness in mention union councils
- Level of Employment will be increased due to technical skills in the field of IT
- Students will get involved in positive activities instead of bad habits and wasting their time
- Latest on demand technical education will be provided to the people of mention union councils at their door step free of cost.
- Latest on demand computer courses will make students professional in IT field
- Women empowerment by enabling them through technical knowledge
- Chances of seeking a good career will be much improved in Govt. and private sectors
- Students will get certificates after completion of their courses
- Approx. 500 x families will be benefited.
- More than 1500 Students will be benefited directly.
- 1500 person will be trained in demand driven IT Courses.
- More than 43 x staff will be employed from Muzaffarabad or Muzaffarabad District

#### 4. Proposed Work:

- 1. Hiring of human resources
  - a. Local and AJK national staff will be hired according to SOPs
- 2. Purchasing of required equipment
  - a. 1 x Vehicle
  - b. 70 x Laptops with allied accessories
  - c. Office Equipment as per requirements
  - d. 2 x Desktop PCs
  - e. 6 x Printers
  - f. Misc. equipment
- 3. Establish 6 x IT training centers in 6 x union councils of Muzaffaraabd AJK
  - a. Hiring of buildings for computer centers
  - b. Installing a 10 x Laptops for each lab in 6 x UC
  - c. 1 x Male and 1 x Female instructor will train the students
- 4. Offering of courses for (students age between 15 to 40 years
  - a. Basic Computer Course (2 M)
  - b. Web site Development, Ecommerce and related courses (4 M)
  - c. Freelancing, Digital Marketing/ Social Media Marketing (2 M)
- 5. Exams for certification
- 6. The vocational training centers will be accredited by the official certificates will be issued to the students upon completion of the courses.
- 7. Monthly reports
- 8. Annual Reports
- 9. Conclusion Report

## 5. Human resources required

|    |  |     |     |                       |

#### 6. Evaluation

Project Duration (First Phase)

1 years (12 Months) likely to be continued

#### 7. Project Implements

- 1500 x persons (male, female) will be trained in different demand driven Professional Computer Courses.
- 72 x persons will be employed and their families will be benefited.
- Approx. 500 x families will be benefited.
- More than 1500 Students will be benefited directly.
- 1500 person will be trained in demand driven IT Courses.
- Technical Awareness of People will be increased
- Unemployment will be reduced.
- Professional Skills will be improved
- 1500 x People will get themselves in position to start their own business, composing centers or private institute etc
- Student will be engage in learning useful skills instead of wasting their time in other activities.

#### 8. Future Funding

Most of the costs involve one-time purchase of the equipment, it will be necessary to plan for future funding of certain aspects of the project. These costs include maintenance of the equipment, salaries of employees, rent of buildings and utilities bills. The Government of AJ&K has indicated that if the project is funded, they will also support it in future.
